Red and White Pine Thinning - Harvest all orange marked red pine, white pine, jack pine and spruce along with all merchantable aspen and balsam fir greater than 8" DBH. Harvest all red marked boundary trees visible to the public. Mixed hardwood species may be harvested if they pose a safety or operational hazard.

All sale boundaries are natural, unless otherwise depicted on map. Natural sale boundaries are identified with 3 horizontal red slashes visible from the access road.

**1" = 1/8 Mile**

\*This map is not a survey of any property boundary that it depicts. Est. Summer 2021 by JR and AJ. Mellen DNR. 715-681-0732
