Species not listed will be charged the mixed hardwood/saw price.

**The performance bond will be 15% of the total sale value. Contract ends June 30, 2025.**

**Special Sale Conditions:**

Equipment use will be allowed during very dry or frozen ground conditions. Portions of this sale will require frozen ground conditions only.

Sale may require a temporary in stream crossing permit. Permit has been obtained by DNR, requirements therein to be followed by the contractor.

Shelterwood area will need to be scarified prior to harvest by DNR personnel.

Decking will be done along Price Creek Road and woods trails in sale area. All slash and ends will be removed from Price Creek Road and ditches concurrently with each truckload.

Pole skidding allowed within coppice area only.

All slash within 100 feet of Highway M and Price Creek Road will be lopped and scattered to within 2 feet of the ground.

To make areas of sale operable during dry conditions, any new stub roads will most likely need pit run material. The state will provide the pit run material, but it will be the responsibility of the contractor for loading/hauling/leveling any pit run needed for decking on these new stub roads.

Permit for proposed access road off Highway M has been obtained. All conditions within permit will be followed.

Upon completion, all woods trails and access points shall be leveled, reditched if necessary and returned to the condition prior to the sale. Berms to be placed as indicated on map.

Leave area is indicated on sale map and has been bounded by flagging and green paint line.

Contact information for sale: 715-332-5271 ext. 106

**All additional restrictions listed in prospectus and standard contract apply unless specified.**
