**SPECIAL SALE CONDITIONS:**

Harvesting will be permitted between July 1<sup>st</sup>- March 31<sup>st</sup> only.

Equipment use will be restricted to very dry or frozen ground conditions due to wet soil conditions.

Use of a continuous rotating saw head will not be allowed in the selection area due to density and distribution of regeneration.

If decking on Hunter/Walker Trail, all slash and ends will be removed from the road and ditches concurrently with each truckload. The Hunter/Walker Trail will be kept free of debris.

Stand has a dense sapling component. The goal is to protect as much regeneration as possible.

No leaving tops or debris across red line adjacent to Old Growth Study Area.

The roads and trails may be used for multiple sales, it is the responsibility of the contractors of sales to determine the logistics for hauling and/or road repairs.

No soil disturbance is permitted around the garlic mustard area located on the map.

**All additional restrictions listed in prospectus and standard contract apply unless specified.**
