HARVEST SPECIFICATIONS:

Area A (26 ac.) Red Pine Intermediate Thinning: Cut all orange marked pine. Cut all aspen, mixed hardwood (except oak) and balsam fir containing 1 or more 100-inch pulpstick.

Area B (35 Ac.) Improvement Cut: Harvest all orange painted trees, ironwood, aspen, white birch, red maple, sugar maple and balsam fir that is greater than 1" at DBH. Do not harvest green/teal painted trees, red oak, unmarked white or red pine

GENERAL SALE HARVEST/OPERATIONAL SPECIFICATION:

Cutting must be concurrent for all species to be harvested. Biomass Harvesting is not allowed. Do not fall trees in or make skid trails over large areas of advanced regeneration. Retain all trees marked red. Utilize sawlogs to a 10" top diameter and pulpwood to a 4" top diameter. Follow all Wisconsin BMPs. Harvest only in dry or frozen conditions in the pine plantation. Harvest the improvement cut area(s) in winter because of a federally protected animal, will help to decrease the possibility of oak wilt, reduce the possibility of rutting in the pockets of wetter soils and inclusions of wetlands that need to be harvested. Each block must be cut separately and completed before beginning on the next block. Slash must be lopped and/or scattered to lie within two feet of the ground and pulled back at least ten feet behind the tree line concurrent with cutting. No tops or slash allowed across any red line, wetland, or within the power line row. Landings will not be permitted within the Riparian Zone or on the Sturgeon landing parking lot and driveway. Landings and new road construction must be approved by forester prior to construction. Existing roads and trails shall be kept free of debris and restored to original condition prior to sale close out. Absolutely no damage or harm to any of the residual trees or seedling/saplings. All pine products cut between May 1 and September 1 must be removed from the sale area within three weeks from time of cutting. Pine products cut during the remainder of the year must be removed prior to May 1 of each year. West of the Power Line Right of Way no harvest between August through January.

These lands are third party certified.
