NHAL Timber Sale Bid Mailing List:

Enclosed please find a Northern Highlands-American Legion State Forest prospectus sheet and timber sale management maps for the upcoming bid opening. **Minimum total bid prices are listed for each sale. Advertised per unit prices do not need to be met. An acceptable bid must be equal to the total minimum bid price or higher.** All species and products must be bid on or bids will be rejected.

Please note the new Bid Opening date, April 25, 2018 at 1:30 PM

Performance bonds will be required no later than 6 weeks after the bidding process.

In response to Forest Industry input, we are noting sales set in **Native Community Management Classification Areas** on the Sale Maps. Native Community areas are noted as NCA. These areas are managed differently than Forest Production Areas and often have stand goals that reflect developing older stand characteristics rather than focused on establishing regeneration. This result is less volume harvested per acre. Please contact us if you have any questions on these sales.

Successful purchasers of Northern Highland-American Legion State Forest stumpage will need to ensure that the actual logging contractor on site complies with Third Party Certification.

A reminder of our policy to ensure that a **pre-sale meeting** is held with the forester in charge of administration for each sale. The Forestry Headquarters needs to hear from you prior, to moving onto sales for harvest and prior to site harvest set up of landings and wood roads. Also we want to bring to your attention the practice of **notifying your sale administrator a few days prior to moving off a sale and again when plans are to move back onto a sale with your crew.** This will greatly help our staff to be aware of your coming and going to see that critical contract provisions are attended to.

If you have any questions or require additional copies, contact the office at 715-385-3355 Ext 111 or visit our website at <http://dnr.wi.gov/topic/TimberSales/>

Sincerely,
NORTHERN HIGHLAND-AMERICAN LEGION STATE FOREST

Thomas D. Shockley
Forestry Supervisor, NHAL State Forest
