Contractors are required to attend a pre-sale meeting with the Forester in charge of administration prior to performing any work. Any sale activity, including moving equipment into a sale area or establishing landings and wood roads, requires pre-approval by the administering Forester. Be sure to contact the Forester as soon as possible prior to moving into a sale area to provide sufficient planning and preparation time.

Successful purchasers of NHAL State Forest stumpage will need to ensure that the actual logging contractor on site complies with Third Party Certification as these lands are Third Party Certified.

Geo-referenced PDF timber sale maps are available for viewing on mobile devices.

If you have any questions or require additional copies, contact the Trout Lake Forestry Headquarters at 715-904-1169 or visit our website at <http://dnr.wi.gov/topic/TimberSales/>
