Special Conditions:

1. Operational Restriction: Harvesting operations will be limited to a period from July 15 to April 15 due to Oak Wilt considerations.
2. Cutting must be concurrent for all species to be harvested.
3. All pine products cut between May 1 and September 1 must be removed from the sale area within three weeks from time of cutting. Pine products cut during the remainder of the year must be removed prior to May 1 of each year.
4. Equipment Restrictions: Skidding of forest product materials will be restricted to shortwood forwarders only.
5. Snowmobile trails must be kept free of debris and left in good condition for vehicle traffic at all times.
6. All landings and any new roads must be approved prior to sale start up.
7. Decking of wood will not be permitted along Vandercook road or within the Public Boat Landing Area.
8. Slash must be lopped and scattered to lie within two feet of the ground and pulled back at least 10 feet from Vandercook road and 20 feet from Vandercook Lake Public Boat Landing Road. No trees shall be felled across any blueline or into any wetland areas.
9. Felling and skidding damage to residual trees must be avoided. Take extra caution to NOT DAMAGE white pine and oak understory.
10. If the contract is to be worked on during multiple time periods a mid-contract "pull-off" inspection meeting will be required. One-week notice shall be given by the contractor prior to moving equipment off-site. During the "pull-off" inspection provisions needing attention will be documented. The contractor at this time can decide to remedy them before pulling off or rectify them when moving back onto the site. If the latter is chosen documented items shall be addressed before harvesting can continue.
