

Mobile Grinding, Screening and Crushing Contractors

The following list of grinding, crushing and screening service suppliers has been compiled to aid municipalities and business with large volumes of woody debris, compost and concrete or asphalt in need of processing. The list denotes the type of services available from the contractors identified. The list is current as of October 2012, and is subject to change. Inclusion on this list is not intended to imply endorsement by UW Extension, nor is exclusion intentional.

The list was based on information received from facility operators as well as direct contact with some of the service providers.
