Adams County Landfill  
1420 State Highway 21  
Friendship, Wisconsin 53934

Subject: Initial Site Report for the Proposed Vertical Landfill Expansion, Adams County Landfill,  
License #3150

Dear Mr. Kuhn:

The Wisconsin Department of Natural Resources (department) has reviewed the August 10, 2022 report titled *Initial Site Report - Vertical Landfill Expansion, Adams County, Wisconsin* and the additional information provided in a September 15, 2022 addendum titled *Incompleteness Letter – Requested Information, Vertical Landfill Expansion – Addendum #1, Adams County Sanitary Landfill*, submitted by Ayres Associates, Inc. on behalf of Adams County. Based on this review, the department has determined that the Initial Site Report for the proposed expansion contains the minimum information required by ch. NR 509, Wis. Adm. Code, and is therefore complete.

This completeness determination is not a determination of site feasibility. It only indicates that sufficient information has been provided for the department to render an opinion and offer recommendations regarding the potential the proposed property has for development of a landfill expansion. The department expects to issue an opinion on the potential of the proposed expansion within 60 days.

Please contact Carolyn Cooper at 608-931-9387 or by email at [carolyn.cooper@wisconsin.gov](mailto:carolyn.cooper@wisconsin.gov) with any questions about this completeness determination.

Sincerely,

Bridget Kelly  
Waste and Materials Management Program Supervisor  
South Central Region
