

BEFORE THE  
STATE OF WISCONSIN  
DEPARTMENT OF NATURAL RESOURCES

NOTICE OF PUBLIC MEETING

NOTICE IS HEREBY GIVEN, pursuant to s. 289.54, Wis. Stats., a public meeting to discuss the disposal of dredged material from the Fisherman's Pier dredging project will be held by the Department of Natural Resources (DNR) at 11 a.m., March 19, 2026, at the Fond du Lac City County Government Center, 160 South Macy Street: Rooms D & E. There will be a virtual access option to the meeting via Microsoft Teams.

Fond du Lac (city) has requested approval from the DNR to dispose of sediments dredged from Fisherman's Pier. Upon completion of dredging the material would be disposed of at Lakeside Park West located in the city of Fond du Lac. The dredge material would be used as fill at Lakeside Park West and approximately 100 cubic yards of dredge material would be mixed with topsoil, reanalyzed for contaminants, and used in general city landscaping projects.

The purpose of the meeting is to solicit public comment and answer questions on the proposed disposal. There will be a brief introduction and explanation of the project by DNR and city representatives. All public comments will be considered by DNR in its decision on the proposal.

Questions or comments can be directed to Kevin Bartel, a DNR hydrogeologist with the Waste and Materials Management program, who can be reached by phone at 920-883-9301 or by e-mail at [kevin.bartel@wisconsin.gov](mailto:kevin.bartel@wisconsin.gov).
