

AGENDA
WASTE AND MATERIALS MANAGEMENT STUDY GROUP

Thursday August 6, 2020

9:30 am – 11:30 am

Skype meeting: [Join Skype Meeting](#)

Or Join by Phone: Toll-free number: +1 (866) 715-6499 Enter 8212531020#

(times are approximate)

- | | | |
|---------|---|---------------------------------|
| 9:30 am | Welcome | Meleesa Johnson/Chad Doverspike |
| 9:35 | Agenda review and adjustments
& review of notes from last meeting | |
| 9:45 | DNR Updates
Staffing, Budget
Rule Making
Guidance documents
State Recycling Audit – no update
PFAS Brief Update | Brad Wolbert |
| 10:00 | Wisconsin Climate Change Task Force | Amber Meyer Smith |
| 10:15 | Review list of topics for Study Group and designate FY21 priorities
- Next steps for Construction & Demolition Subgroup decisions, any additional discussions
- Review Study Group survey results, attached | |
| 11:15 | Wrap-up, next agenda topic suggestions | |
| 11:30 | Adjourn | |

Next Meeting: Thursday October 1, 2020 *location tbd*

STUDY GROUP PRIORITIES - SURVEY MAY 2019

LANDFILL

Target specific recommendations from Alternative Final Cover subcommittee

Discuss delaying synthetic liner capping/alternative landfill capping, or be able to reopen/refill subsided landfill air space

Site-specific landfill standards and post-closure “functional stability”

Long-term care and closure regulations and fee language

Possible recommendations:

Landfill short term: Utilize Alt Final Cover subcommittee again to target specific recommendations and determine path forward

Landfill long term: New subgroup to focus on post-closure functional stability and long-term care closure regs and fees

Landfill focus after two above are finished: New subgroup to focus on needs analysis and site life

RECYCLING/NON-LANDFILL

Change focus of recycling standards to include overall environmental (incl. GHG emissions) and economic outcomes

Recycling economic concerns

Management of hazards from new waste streams (Li-Ion batteries, e-cigarettes)

Possible recommendations:

Recycling/NonLF short term: Use of Study Group knowledge and recent DNR MRF survey to clarify and make recommendations on recycling economic concerns

Recycling/NonLF short term: Small group to determine assessment methods for recycling environmental and economic standards (use EPA's updated WARM model)

GUIDANCE/RESEARCH/LEGISLATION

PFAS in leachate and wastewater

Diversion of recycling funding for non-recycling purposes and funding for RUs

Create one definition of recycling and how to define a successful recycling program

Supplement and clarifications to stormwater management guidance

Possible recommendations:

Guidance Short Term: Small group to focus on supplement and clarification to stormwater management guidance

Research Short and Long Term: Full Study Group participation in recommendations related to PFAS in leachate and wastewater

Legislation: Small group to work on Definition of recycling; Diversion of recycling funding
