

STATE OF WISCONSIN DEPARTMENT OF NATURAL RESOURCES

PUBLIC NOTICE OF INTENT TO REISSUE A WISCONSIN POLLUTANT DISCHARGE ELIMINATION SYSTEM (WPDES) PERMIT No.WI-0027456-10-0

Permittee: Bemis Manufacturing Company Plant D, 300 Mill St, Sheboygan Falls, WI, 53085

Facility Where Discharge Occurs: Bemis Manufacturing Company Plant D, W2940 Old County Road PP

Receiving Water And Location: Sheboygan River (Sheboygan River Watershed, Sheboygan River Basin)

Brief Facility Description and Summary of Proposed Changes: Bemis Manufacturing Company Plant D manufactures injection molded and extrusion HDPE parts. Incoming municipal water is measured by turbine meter. Cooling water from the Kelch and ADF3 processes is sent treated with a Promoss filtering process. Kelch and D1 process water is sent to a stormwater detention pond before discharge to the Sheboygan River. Approximately 98% of all wastewater is non-contact cooling water. The rest of the wastewater is treated with cooling towers and ozone generators. Sodium bisulfite is added at the point where all wastewater streams come together before discharge. There is a ProMoss filter system and Ozone generator prior to some of the NCCW injection molding machines. There is also a dechlor system prior to discharge to the Sheboygan River.

The Department has tentatively decided that the above-specified WPDES permit should be reissued.

Persons wishing to comment on or object to the proposed permit action, or to request a public hearing, may write to the Department of Natural Resources at the above-named permit drafter's address. All comments or suggestions received no later than 30 days after the publication date of this public notice will be considered along with other information on file in making a final decision regarding the permit. Anyone providing comments in response to this public notice will receive a notification of the Department's final decision when the permit is issued. Where designated as a reviewable surface water discharge permit, the U.S. Environmental Protection Agency is allowed up to 90 days to submit comments or objections regarding this permit determination. If no comments are received on the proposed permit from anyone, including U.S. EPA, the permit will be issued as proposed.

The Department may schedule a public informational hearing if requested by any person and shall schedule a public informational hearing if a petition requesting a hearing is received from 5 or more persons or if response to this notice indicates significant public interest pursuant to s. 283.49, Wis. Stats. Requests for a public informational hearing shall state the following: the name and address of the person(s) requesting the hearing; the interest in the proposed permit of the person(s) requesting the hearing; the reasons for the request; and the issues proposed to be considered at the hearing.

Information on file for this permit action, including the draft permit, fact sheet and permit application, may be inspected and copied at either the above-named permit drafter's office or the above-named basin engineer's office, Monday through Friday (except holidays), between 9:00 a.m. and 3:30 p.m. Please call the permit drafter or basin engineer for directions to their office location, if necessary. Information on this permit action may also be obtained by calling the permit drafter at (414) 373-8523 or by writing to the Department. Reasonable costs (15 cents per page for copies and 7 cents per page for scanning) will be charged for information in the file other than the public notice, permit and fact sheet. Permit information is also available on the internet at:
