Brief Facility Description and Summary of Proposed Changes:

The Butte des Morts Consolidated Sanitary District No. 1 in Winnebago County serves the unincorporated community of Butte des Morts and the surrounding developed area in the Towns of Oshkosh, Vinland, and Winneconne. The permittee owns and operates an aerated lagoon wastewater treatment facility designed to treat an average daily flow of 0.078 million gallons per day (MGD). The system consists of two aerated cells operated in series and followed by a third quiescent settling lagoon. The effluent is disinfected on a seasonal basis using gaseous chlorine, followed by dechlorination using a liquid sodium bisulfite solution. Sludge generated during treatment accumulates in the lagoons for many years until it needs to be removed, and is applied on agricultural fields as a soil amendment and plant fertilizer.

The permittee will be completing steps to regionalize with Oshkosh WWTF this permit term in order to comply they total phosphorus limitations. The permittee plans to complete the required action items to complete regionalization. During the permit term, the permittee much continue to meet the requirements of a WPDES permit while they work towards termination of this WPDES permit.
