

STATE OF WISCONSIN DEPARTMENT OF NATURAL RESOURCES

PUBLIC NOTICE OF INTENT TO MODIFY A WISCONSIN POLLUTANT DISCHARGE ELIMINATION SYSTEM (WPDES) PERMIT No. WI-0022799-09-1

Permittee: City of Chilton, 42 School St, Chilton, WI 53014

Facility Where Discharge Occurs: Chilton Wastewater Treatment Facility, 457 East Main St, Chilton, WI

Receiving Water And Location: South Branch of the Manitowoc River in Calumet County

Brief Facility Description: The City of Chilton owns and operates the Chilton Wastewater Treatment Facility (WWTF) that treats residential, commercial, and industrial wastewaters from the city sanitary sewer collection system and hauled waste from a hauled waste receiving station. The Chilton WWTF has an annual average design flow rate of 1.19 MGD. The permittee owns and operates an oxidation ditch type secondary wastewater treatment system. Phosphorous removal is conducted by chemical addition. Disinfection with chlorine, followed by dechlorination, is performed from May through September. Treated effluent from the facility is combined with softener regeneration wastewater from the municipal water softening plant prior to discharge. Sludge is aerobically digested then stored on-site until land application on Department approved sites.

Permit Drafter's Name, Address, Phone and Email: Sarah Donoughe, DNR, 2984 Shawano Ave, Green Bay, WI 54313-6727, (920) 366-6076, Sarah.Donoughe@wisconsin.gov

Basin Engineer's Name, Address, Phone and Email: Barti Oumarou, DNR, 625 E County Rd Y, Ste 700, Oshkosh, WI 54901, (920) 424-4013, Barti.Oumarou@wisconsin.gov

Proposed Modification: The permit is being modified to change the effluent monitoring sample type for pH and dissolved oxygen to Grab.

The Department has tentatively decided that the above-specified WPDES permit should be modified.

Persons wishing to comment on or object to the proposed permit action, or to request a public hearing, may write to the Department of Natural Resources at the above-named permit drafter's address. All comments or suggestions received no later than 30 days after the publication date of this public notice will be considered along with other information on file in making a final decision regarding the permit. Anyone providing comments in response to this public notice will receive a notification of the Department's final decision when the permit is issued. Where designated as a reviewable surface water discharge permit, the U.S. Environmental Protection Agency is allowed up to 90 days to submit comments or objections regarding this permit determination. If no comments are received on the proposed permit from anyone, including U.S. EPA, the permit will be issued as proposed.

The Department may schedule a public informational hearing if requested by any person and shall schedule a public informational hearing if a petition requesting a hearing is received from 5 or more persons or if response to this notice indicates significant public interest pursuant to s. 283.49, Wis. Stats. Requests for a public informational hearing shall state the following: the name and address of the person(s) requesting the hearing; the interest in the proposed permit of the person(s) requesting the hearing; the reasons for the request; and the issues proposed to be considered at the hearing.

Information on file for this permit action, including the draft permit, fact sheet and permit application, may be inspected and copied at either the above-named permit drafter's office or the above named basin engineer's office, Monday through Friday (except holidays), between 9:00 a.m. and 3:30 p.m. Please call the permit drafter or basin engineer for directions to their office location, if necessary. Information on this permit action may also be obtained by calling the permit drafter at (920) 366-6076 or by writing to the Department.
