

STATE OF WISCONSIN DEPARTMENT OF NATURAL RESOURCES

PUBLIC NOTICE OF AVAILABILITY OF A NUTRIENT MANAGEMENT PLAN AND INTENT TO REISSUE A WISCONSIN POLLUTANT DISCHARGE ELIMINATION SYSTEM (WPDES) PERMIT No. WI-0058998-05-0

Permittee: Rosenholm Dairy, S1843 Cty Rd U, Cochrane, WI, 54622

Facility Where Discharge Occurs: Rosenholm Dairy, S1843 Cty Rd U Cochrane

Receiving Water and Location: Surface water and groundwater within the Waumandee Creek and Mississippi Watersheds

Brief Facility Description : Rosenholm Dairy, LLP is a Concentrated Animal Feeding Operation (CAFO) dairy farm owned/operated by John and Nette Rosenow. The farm is located within the Townships of Waumandee and Montana in Buffalo County. The operation currently has 554 milking/dry cows, 390 heifers, and 135 calves (1,166 animal units).

Rosenholm Dairy spans across four sites. Dairy Site includes: three waste storage structures, two free stall barns, feed bunker area, and some young calf housing. The Loren Farm includes: two outdoor heifer lots, a vegetated pasture, and a Slurry Store. The Brad Farm includes an outdoor heifer lot and a vegetated pasture. The Shop Lot site includes an outdoor heifer lot and a small, pastured paddock used periodically.

Rosenholm Dairy, LLP has a total of 887.3 acres as part of their DNR approved nutrient management plan. Of these acres, all are rented or controlled through manure spreading agreements. Rosenholm Dairy does not have plans to expand animal numbers during the proposed five-year permit term.

It is estimated Rosenholm Dairy will produce 12.5 million gallons of liquid manure and 2,976 tons of solid manure annually. A large amount of solid manure produced by the farm is transferred to a commercial composting facility. This composted material is then sold to greenhouses and landscapers across the region.

The Department has tentatively decided that the above specified WPDES permit should be reissued.

Permit Drafter's Name, Address, Phone and Email: Jeffrey Jackson, DNR, 890 Spruce St, Baldwin, WI, 54002, (715) 210-1415, Jeffrey.Jackson@wisconsin.gov

Persons wishing to comment on or object to the proposed permit action, the terms of the nutrient management plan, or the application, or to request a public informational hearing may write to the Department of Natural Resources at the permit drafter's address. All comments or suggestions received no later than 30 days after the publication date of this public notice will be considered along with other information on file in making a final decision regarding the permit. Anyone providing comments in response to this public notice will receive a notification of the Department's final decision when the permit is re-issued. Where designated as a reviewable surface water discharge permit, the U.S. Environmental Protection Agency is allowed up to 90 days to submit comments or objections regarding this permit determination. If no comments are received on the proposed permit from anyone, including U.S. EPA, the permit will be re-issued as proposed.

The Department may schedule a public informational hearing if within 30 days of the public date of this notice, a request for a hearing is filed by any person. The Department shall schedule a public informational hearing if a petition requesting a hearing is received from USEPA or from 5 or more persons or if the Department determines there is significant public interest. Requests for a public informational hearing shall state the following: the name and address of the person(s) requesting the hearing; the interest in the proposed permit of the person(s) requesting the hearing; the reasons for the request; and the issues proposed to be considered at the hearing.

Information on file for this permit action, including the draft permit and fact sheet (if required), the operation's nutrient management plan and application may be inspected and copied at the permit drafter's office, Monday through Friday (except holidays), between 9:00 a.m. and 3:30 p.m. Please call the permit drafter for directions to their office location, if necessary. Information on this permit action may also be obtained by calling the permit drafter at (715) 210-1415 or by writing to the Department. Reasonable costs (15 cents per page for copies and 7 cents per page for scanning) will be charged for information in the file other than the public notice and fact sheet. Permit information is also available on the internet at: <http://dnr.wi.gov/topic/wastewater/PublicNotices.html>. Pursuant to the Americans with Disabilities Act, reasonable accommodation, including the provision of informational material in an alternative format, will be made to qualified individuals upon request.
