STATE OF WISCONSIN DEPARTMENT OF NATURAL RESOURCES

PUBLIC NOTICE OF INTENT TO REISSUE A WISCONSIN POLLUTANT DISCHARGE ELIMINATION SYSTEM (WPDES) PERMIT No.WI-0026255-10-0

Permittee: Wisconsin Department of Natural Resources, W7825 Cty Rd S, Adell, WI, 53001

Facility Where Discharge Occurs: WI DNR Kettle Moraine Springs Fish Hatchery, W7825 Cty Rd S, Adell, WI 53001

Receiving Water And Location: Melius Creek in North Branch Milwaukee River Watershed of Milwaukee River Basin in Sheboygan County

Brief Facility Description: Water treated at the wastewater treatment facility includes flow from the aquaculture system's sump pump overflow, filter backwash and radial flow settler flushing, and egg incubation and broodstock tanks. Treatment includes a splitter box, filter bypass tank, rapid mix tank, coagulation tank, flocculation tank, two-disc filter units, a belt press filter, and two UV disinfection units. The facility also includes a bypass system where wastewater may be discharged directly to the receiving water without treatment, providing it meets permit requirements.

Domestic wastewater generated onsite is pumped to a fixed film treatment system which includes a settling zone and aeration zone. The domestic wastewater is sampled to ensure compliance with BOD and TSS removal as required per ch. NR 210 Wis. Adm. Code, and then is pumped to the wastewater treatment facility.

The Department has tentatively decided that the above-specified WPDES permit should be reissued.

Persons wishing to comment on or object to the proposed permit action, or to request a public hearing, may write to the Department of Natural Resources at the above-named permit drafter's address. All comments or suggestions received no later than 30 days after the publication date of this public notice will be considered along with other information on file in making a final decision regarding the permit. Anyone providing comments in response to this public notice will receive a notification of the Department's final decision when the permit is issued. Where designated as a reviewable surface water discharge permit, the U.S. Environmental Protection Agency is allowed up to 90 days to submit comments or objections regarding this permit determination. If no comments are received on the proposed permit from anyone, including U.S. EPA, the permit will be issued as proposed.

The Department may schedule a public informational hearing if requested by any person and shall schedule a public informational hearing if a petition requesting a hearing is received from 5 or more persons or if response to this notice indicates significant public interest pursuant to s. 283.49, Wis. Stats. Requests for a public informational hearing shall state the following: the name and address of the person(s) requesting the hearing; the interest in the proposed permit of the person(s) requesting the hearing; the reasons for the request; and the issues proposed to be considered at the hearing.

Information on file for this permit action, including the draft permit, fact sheet and permit application, may be inspected and copied at either the above-named permit drafter's office or the above named basin engineer's office, Monday through Friday (except holidays), between 9:00 a.m. and 3:30 p.m. Please call the permit drafter or basin engineer for directions to their office location, if necessary. Information on this permit action may also be obtained by calling the permit drafter at (608) 228-9475 or by writing to the Department. Reasonable costs (15 cents per page for copies and 7 cents per page for scanning) will be charged for information in the file other than the public notice, permit and fact sheet. Permit information is also available on the internet at: http://dnr.wi.gov/topic/wastewater/PublicNotices.html. Pursuant to the Americans with Disabilities Act, reasonable accommodation, including the provision of informational material in an alternative format, will be made to qualified individuals upon request.
