

STATE OF WISCONSIN DEPARTMENT OF NATURAL RESOURCES

PUBLIC NOTICE OF INTENT TO MODIFY A WISCONSIN POLLUTANT DISCHARGE ELIMINATION SYSTEM (WPDES) PERMIT No.WI-0064653-02-1

Permittee: WALTER & SON WASTE HAULING LLC, N3368 STATE RD 14, DARIEN, WI, 53114

Facility Where Discharge Occurs: WALTER & SON WASTE HAULING LLC, N3368 US Highway 14, Darien, WI

Receiving Water And Location: Groundwaters of the state via landspreading on approved sites in Walworth County.

Brief Facility Description : Walter & Son Waste Hauling (WSH) headquarters is located in Darien, Wisconsin (Walworth County). This facility provides short term storage and land application of industrial wastewater, industrial sludge, municipal sludge, and septage wastes (septic, holding tank, and grease interceptor wastes) for numerous municipalities, industries, and confidential clients. Currently, WSH has 61 fields (approximately 2400 acres) approved for the land application of industrial wastewater and combined waste. Municipal biosolids, septage, industrial sludge and industrial wastewaters are combined in WSH's Slurrystore #1. WSH's approved sites/fields are located in Walworth county.

Permit Drafter's Name, Address, Phone and Email: Nate Willis, 101 S. Webster St. PO Box 7921, Madison, WI, 53707-7921, (608) 266-3221, Nathaniel.Willis@wisconsin.gov

Basin Engineer's Name, Address, Phone and Email: Stephen Warrner, 2300 N Dr Martin Luther King Jr Dr, Milwaukee, WI 53212, (414) 263-8671, Stephen.Warrner@wisconsin.gov

Proposed Modification:

- New clients/sampling points were added to the influent section.
- One placeholder outfall was added for the new slurrystore (005), along with applicable monitoring requirements.
- One placeholder outfall was added for the new cake pad (006), along with applicable monitoring requirements.
- Placeholder outfalls 003 and 004 (industrial cake sludge and by-product solids from Cake Pad #1) were removed.
- A requirement to update the LMP within 60 days of the effective date is also included.

The Department has tentatively decided that the above specified WPDES permit should be modified.

Limitations and conditions which the Department believes adequately protect the receiving water are included in the proposed permit. Land application of waste shall be done in accordance with permit conditions and applicable codes. All land application sites shall be approved prior to their use. To receive a list of approved sites, or to be notified of potential approvals, contact the above named basin engineer.

Persons wishing to comment on or object to the proposed permit action, or to request a public hearing, may write to the Department of Natural Resources at the above named permit drafter's address. All comments or suggestions received no later than 30 days after the publication date of this public notice will be considered along with other information on file in making a final decision regarding the permit. Anyone providing comments in response to this public notice will receive a notification of the Department's final decision when the permit is issued. Where designated as a reviewable surface water discharge permit, the U.S. Environmental Protection Agency is allowed up to 90 days to submit comments or objections regarding this permit determination. If no comments are received on the proposed permit from anyone, including U.S. EPA, the permit will be issued as proposed.

The Department may schedule a public informational hearing if requested by any person and shall schedule a public informational hearing if a petition requesting a hearing is received from 5 or more persons or if response to this notice indicates significant public interest pursuant to s. 283.49, Stats. Requests for a public informational hearing shall state the following: the name and address of the person(s) requesting the hearing; the interest in the proposed permit of the person(s) requesting the hearing; the reasons for the request; and the issues proposed to be considered at the hearing.

Information on file for this permit action, including the draft permit, fact sheet and permit application, may be inspected and copied at either the above named permit drafter's office or the above named basin engineer's office, Monday through Friday (except holidays), between 9:00 a.m. and 3:30 p.m. Please call the permit drafter or basin engineer for directions to their office location, if necessary. Information on this permit action may also be obtained by calling the permit drafter at (608) 266-3221 or by writing to the Department. Reasonable costs (15 cents per page for copies and 7 cents per page for scanning) will be charged for information in the file other than the public notice, permit and fact sheet. Permit information is also available on the internet at: <http://dnr.wi.gov/topic/wastewater/PublicNotices.html>. Pursuant to the Americans with Disabilities Act, reasonable accommodation, including the provision of informational material in an alternative format, will be made to qualified individuals upon request.
