

## WWCT Wetland Mitigation Consultant List

This list was compiled by the Wisconsin Wetland Conservation Trust (WWCT), an in-lieu fee (ILF) wetland mitigation program sponsored by the Wisconsin Department of Natural Resources (DNR). The following environmental consulting firms responded to the WWCT as being interested in providing wetland mitigation services for potential WWCT projects. Occasionally, the WWCT may identify potential wetland mitigation projects where consultants are needed to implement those projects. When these projects are identified, the WWCT will request wetland mitigation services from firms on this list, via an RFQ/RFP process. This list does not imply any endorsement or recommendation of any of these firms by the Wisconsin DNR. If you would like to be added to this list, or have any questions, please contact Tom Pearce, ILF Project Manager, at [thomas.pearce@wisconsin.gov](mailto:thomas.pearce@wisconsin.gov) or 608-264-8554.
