SPECIAL SALE CONDITIONS:

Equipment use will be restricted to very dry or frozen ground conditions due to wet soil conditions.

No cutting during the months of April, May, or June in selection harvests due to bark being easily damaged at these times.

In the selection area, the contractor will be required to directionally fell trees into harvester path, limb/top in same path, with forwarder following harvester path. This is to protect the existing saplings and poles.

Winter Township does not allow decking on West Lane.

Written permission is required from the Town of Winter to forward wood across West Lane.

To make areas of sale operable during dry conditions, existing trails or new stubs may need pit run material. The state will provide pit run material, but it will be the responsibility of the contractor for loading/hauling/leveling any pit run needed for decking on these existing trails and new stubs.

Any damage to the gate must be repaired by the contractor at sale completion.

The stream may only be crossed on existing trail where there is an existing culvert.

No slash will be left in West Lane ditches. All slash that is located within the coppice areas or within 100 feet of West Lane shall be lopped and scattered to within two feet of the ground.

All additional restrictions listed in prospectus and standard contract apply unless specified.

Contact Justin Cook with questions and for the combination to the gate lock at 715-332-5271 Ext 109 or justin.cook@wisconsin.gov. Please do not go around gate.
