

Tract 3-26 (Popple Palooza) – Flambeau River State Forest

Parts of: NW1/4, Section 25, SESW, Section 24, T37N-R4W, Town of Winter, Sawyer County.

59 acres

<u>Species</u>	<u>Estimated Volume</u>	
¹ Mixed Hardwood	390 tons	Minimum Acceptable
Aspen	3400 tons	<u>Bid for Entire Sale</u>
		\$32,550.00

¹Mixed hardwood includes 91% red maple, 4% hard maple, 2% ash, and 3% white birch, cherry, and ironwood combined. Other species or products not mentioned will be charged at the mixed hardwood price.

The performance bond will be 15% of the total sale value. **The contract end date is June 30, 2029**

SPECIAL SALE CONDITIONS:

Seasonal and Equipment Conditions

Equipment use will be restricted to very dry or frozen ground conditions due to wet soil conditions.

Roads/Access/Decking

Winter Township does not allow decking on West Lane.

Permission is required from the Town of Winter to forward wood across West Lane.

To make areas of sale operable during dry conditions, existing trails and new stub roads may need pit run material. The state will provide the pit run material, but it will be the responsibility of the contractor for loading/hauling/leveling any pit run needed for decking on these existing roads and new stubs.

Contractors are required to place logging debris berms at the existing berm/proposed berm locations designated on the map.

Due to topography and drainage patterns, proposed roads must be approved by or laid out by State Forest staff.

All slash that is located within 100 feet of West Lane shall be lopped and scattered to within two feet of the ground.

Woods trails will remain open and free of debris.

All additional restrictions listed in prospectus and standard contract apply unless specified.
